

'MAKING MATHS MAGIC!'

When?

Thursday, 17th May
3:15pm until 4:30pm

Where?

BLUE MOUNTAINS GRAMMAR
JUNIOR SCHOOL

(Early Learning Centre, Central
Learning Area)

Come to an informal
and practical
workshop to explore
how you can help your
child with
mathematical
development in the
Early Years.

- How are children learning mathematical skills and concepts in the Early Years?
- What strategies and routines are used in the classrooms that I can use at home too?
- How can I look for mathematical opportunities and games in my child's everyday world?

The Early Learning Staff
look forward to seeing you!

*Please phone our office for further
information on (02) 4757 9000*

*If you wish to use After School Care for
your child during the meeting, please
ensure that they are formally booked in
beforehand.*
